protecting your digital cargo

KEY FEATURES & BENEFITS ■ TURTLE 13″ & 15″ ■

hard-shell laptop protection

In the same way that a turtle uses its shell as protection from predators, your laptop needs a hard shell layer to guard it in every day life.

Turtle is a rugged, protective sleeve made from EVA. It creates a firm sheath that covers and protects it from bumps and scratches. The 600d jacquard fabric provides a texture that serves a dual purpose- it's easy to grip onto and looks classy and professional in any situation.

Available in 2 sizes to fit most laptops with screens up to 13″ and 15″.

turtle 13" & 15"

laptop space
13": 22.7 x 32.5 x 2.8cm / 8.9 x 12.8 x 1.1″
